Agged of Tulkarm.

Ref'nce:-Your No.T/24/15 dated 4.2.48. / 146

I have the honour to refer to your a/m letter and to inform you that the reply to the effect is in my previous letter No.5/9 dated 9.12.47

The motive behind such relaxation is that the set-backs are vide law, but the 70 m2 in addition to the legal 180m2 are granted owing to the building being composed of two wings appertaining to two brothers.

The plot in question is one parcel; and the increase is taken out of the open space. The L.B.&T.P.Commission is of the opinion that so far as the said parcel falls on a street this enables the Commission to grant a relaxation and reduce the area of the open space and increase the percentage of the building.

Yours faithfully

Ref'nce:-Your letter No.T/24/15 dated 28.11.47.

The Local Building and Town Planning Commission is aware that the maximum percentage of a plot which may be built upon should be 20% or 180 square metres .The D.B.&T.P.Commission promised to consider relaxation provided that substantial reasons be presented.

2. The reasons in this application being that the two applicants are brothers and each to have a wing of the building with his family.

3. The set-backs are vide law and no injury is effected on the adjoining properties at all.

4. The building in question is on one parcel including two wings which are not joined together except on one side and in front of it there is a major road.

M. A. Ben...
Chairman
L.B.&T.P.Commission

131

I h the h to refer to 131 and to reply as follows:-

1. The proposed building consists of two flats intended to be occupied by two brothers.

2. Set back of the building is in accordance with T.P. regulations.

3. Both flats will be built on one parcel and the front elevation of the building will face the public road.
Relaxation is recommended by the L.B. & T.P. Commission.
The application & enclosures are returned herewith.

I have the honour to return herewith the application of Jameel Awwad together with the relevant plans for further consideration by the Local Town Planning Commission, Tulkarm.

I desire to draw your attention to the following points:-

- (a) The wording of the Local Commission's resolution in English is totally different from that in the Arabic resolution.
- (b) The resolution in Arabic is not clear and is contradictory. In the preamble it is stated that the Local Commission resolved not to recommend the application while at the end it is stated that the Commission has no objection to grant the application. You will therefore understand that it is not possible to know what is meant.

I shall be grateful if the Commission could kindly make clear its resolution in this case and I should also be glad if the wording of resolutions passed by the Commission could be corrected and also if correct English translations may be furnished in future.

I have learnt that Mohd. Hus~~ni~~ of Tulkarm has submitted an application for a permit to build an oven, and that this application has been forwarded to you.

The building of the proposed oven ~~will~~
~~be~~ near two ovens including mine in an area of not more than sixty metres is contrary to Town planning regulations and detrimental to public health.

I request therefore that the above application be rejected.

Chairman,
Sanaia Dist. Building & Town
Planning Commission, Habash.

I beg to state that a certain Mohd. Husn of Tulkarm has submitted to the Town Planning Commission Tulkarm an application for a permit to build an oven near mine. He wants to do so because I evicted him from my oven by order of Court. The proposed oven is 10 metres distant from my oven in addition to a second oven in the same street. Undoubtedly it is detrimental to public health to permit three ovens to exist in a small area.

I have learnt that the above application which was rejected by the Local Town Planning Commission Tulkarm, has been forwarded to you for consideration by your Commission.

In this connection I would draw your attention to the applicant's allegations that the proposed oven would be for his own use. This is untrue as he is a baker and receives large quantities of flour from the Food Control for sale as bread. Besides he is now working in an oven belonging to Mustafa Habayib.

In view of the foregoing facts I request that the above application would not be approved by your Commission.

Chairman,
Samaria District Building and
Town Planning Commission,
Nablus.

I have the honour to refer to your
G/14 of 19.1.1948 and to state that the
Local Commission replies as follows:

" The motive behind such relaxation
is that the set-backs are vide law, but the
70 m² in addition to the legal 180 m² are
granted owing to the building being composed
of two wings appertaining to two brothers.

The plot in question is one parcel
and the increase is taken out of the open space.
The Local Building and Town Planning Commission
is of the opinion that so far as the said parcel
falls on a street this enables the Commission to
grant a relaxation and reduce the area of the
open space and increase the percentage of the
building".

Subject:- Application for building permit by

Ref'nce:- Your No.T/24/15 of 11.11.1947.

The resolution of the Tulkarm Local Building and Town Planning Commission concerning the application of Messrs. Radi and Ghalib Aqqad is vague.

2. The Tulkarm Outline Town Planning Scheme, 1945, provides that the maximum percentage of a plot which may be built upon should be 20% or 180 square metres whichever is the less. (E - Zoning Table refers).

3. According to the above resolution the maximum percentage of the proposed building is 250 square metres. This means that the applicants wish to be granted a relaxation. I am prepared to consider this provided that substantial reasons be presented to my commission.

4. In para 2 of its resolution the Local Commission states that it can see no reason why the application should not be recommended. From this it can be inferred that the application is recommended. If this is so, I shall be grateful if you will request the Local Commission to state why a relaxation of a restriction imposed by the Tulkarm Outline Scheme should be granted in this case. When presenting supporting causes, if any, the Local Commission should take into consideration the effects of such relaxation on the adjoining properties.

The application of Fayyad Abu Zahra of Tulkarm may be summed up thus:-

In his petition dated 15/6/46 the applicant has applied for a building permit within Tulkarm area, he has submitted the required maps to the Local Town Planning Committee, in Tulkarm.

The Municipality had informed him that as far as there is no municipal engineer, his application can not be considered, meanwhile, the Municipality has already appointed the municipal engineer, but still, his application was not looked in-to.

Fayyad Abu Zahra continued that all building materials were prepared, but most of this material was lost, further a guard was appointed by him to the effect

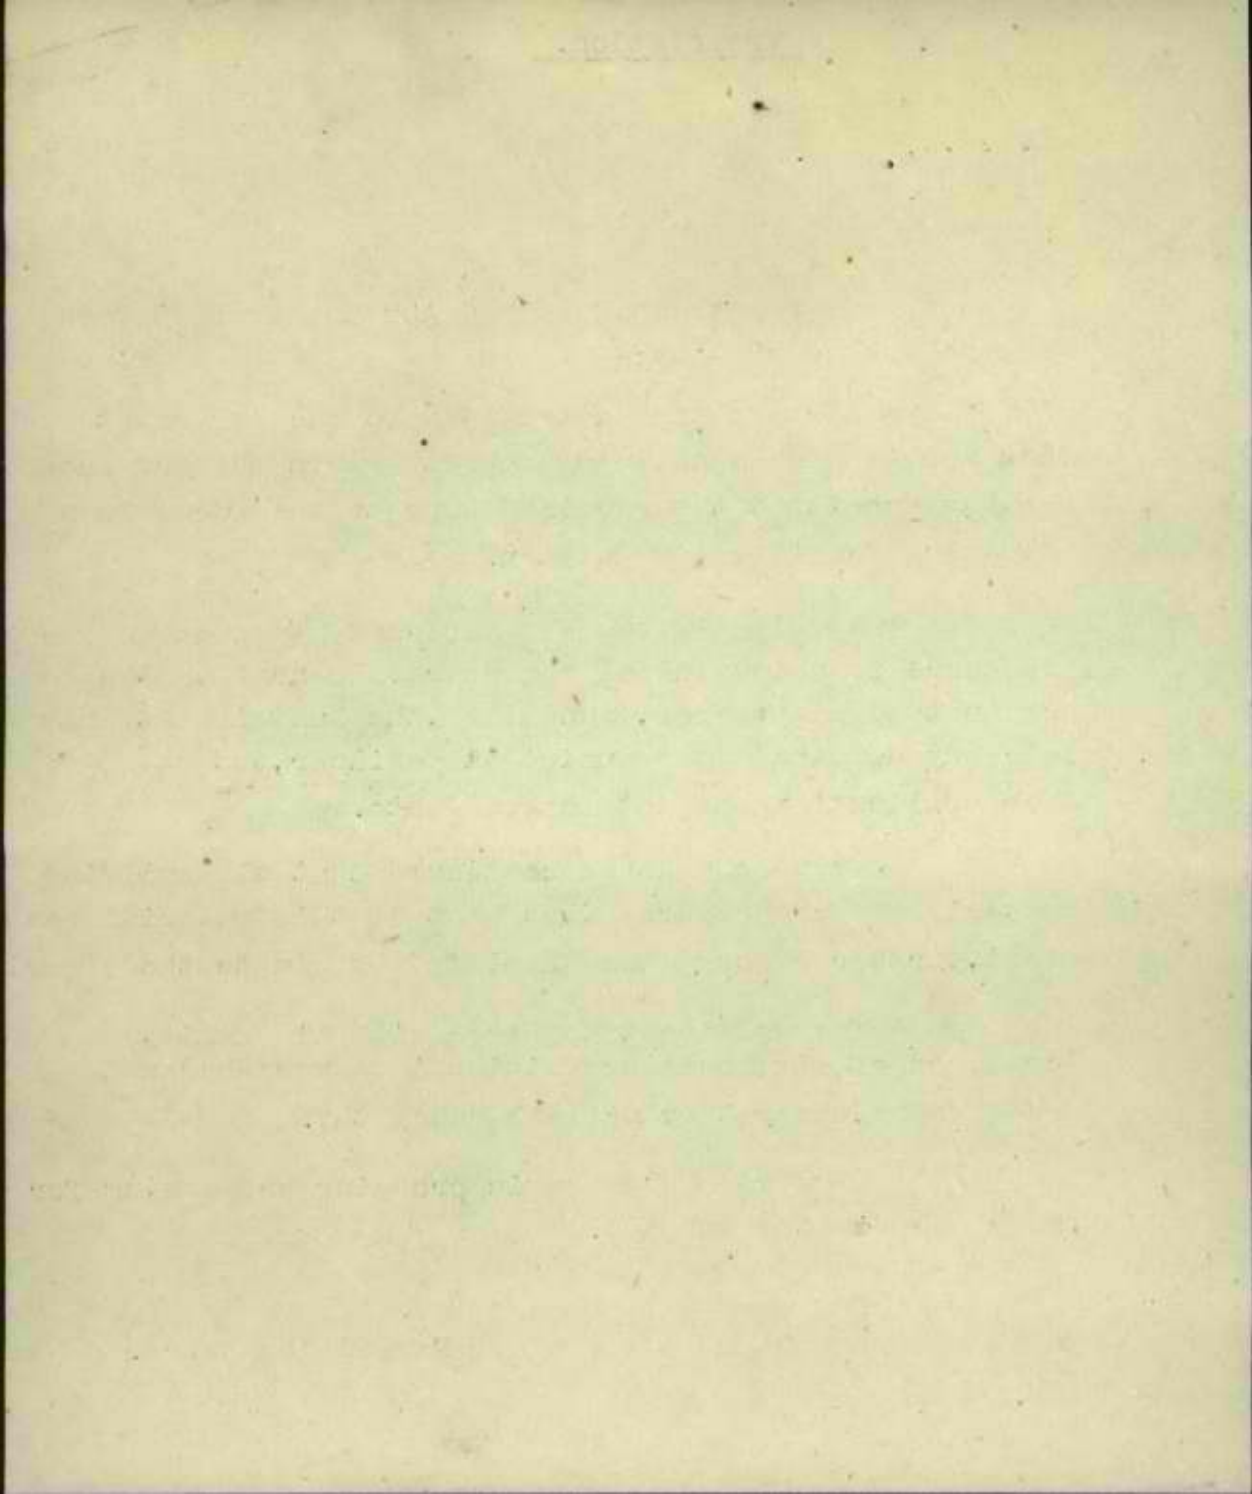

The applicant together with his family composed of six souls are living in a very bad and small room, where they are all unhealthy.

Fayyad Abu zahra is pressing and asking for your help in the subject.

الموضوع : رخصة بناء فطوكم

اشرف بانه امره سعادتكم انني بتاريخ ١٥/٦/٤٦ قد كنت خارجة فني
مع صحت الى لجنة تنظيم المدن فطوكم للحصول على رخصة بناء دار ضمه نقطة
مدينة فطوكم لوجه تامة مكنتي ومكنته عيالي . ولقد لم احصل على رخصة
البناء رغم مراعاتي العديدة .

وما كنت حجة البلدية بعدم اصدار الرخصة هي عدم وجود مهندس ليدبر ركنه
على الرغم من وجود مهندس الدولة ومنى على تعيينه اكثر من شهر فان
لم تنظر لهذا الطلب .

وحيت اني احضرت مراد البناء منذ مدة وقد طرأ عليا خلل ونقص بسب
في هذه المدة الطويلة كما انه تكلفت تكلفت لدفع اجرة حارس لوجه الحافط فليلا

وعلاوة على ذلك فاني امسكه انا وبما تلي المؤلفه من ستة انفار فمفرقة
حقيرة غير صوية وقد ساءت صحتنا . ونحوه فطوريه لا يجاز هذه الدار لسكننا .

لذلك ارجو من سعادتكم انظر لهذا الطلب بعينه اللطف وتساعدوني
على الحصول على هذه الرخصة لئلا نكده من البناء باقرب وقت ممكن وسعادتكم مزيد

Subject : Haj Hassan Qaisi.

I hereby come to expound unto you the trouble that H.H. Qaisi is causing to the Municipality.

On 21.3.46 the a/m built for Mahmoud Awwad without a licence from the Municipality and contrary to the order of the court to stop erection; and in front of the Magistrate he asked to be prosecuted by a British judge.

On 21.7.46 he with his son built shops to Rashid and Naim Hannoun without a licence , he also asked here to be prosecuted by a British judge.

On 26.10.46 he began working "blocks" in the shops of Izzat A'bdo also without a licence from the Municipality and contrary to Tulkarm Outline Scheme 1945. The Municipality took the Initial and asked the court to take procedures against him by issuing an order to stop work. He continued work in spite of the order . The Engineer and the contravention officer and the clerk reported him to the Police the latter asked for some formalities which were carried by the Municipal officers in time , though usually the matter used to be taken more quickly by the Palestine Police Shukri Banna who unfortunately at that time was on leave. The Municipality knew later that nothing was carried by the Police against H.H.Qaisi for only workers were found working and not he himself.

On 16.11.46 he resorted to take water by force from J.Qirri's house , the Municipality prosecuted him against this offence.

On 14.12.46 he began working "blocks" in J.Taha's piece of land without a licence from the Municipality , and on 16.12.46 he took water also without a permit from the Municipality the Municipality prosecuted him against those two recent offences. He depended always on election as he used to say in court in front of the Judges " When election will take place this childish confusion and irritation will end"

Please do what is necessary to stop this fellow .

Yours faithfully

C.C.

I wish to see him!

Dear Sir,

Whereas Plan No.678/46/H dated 27.6.46 has been transgressed by holder, Ibrahim H. Ashqer of Tulkarm, who has started erection on different lines and without leaving the space of three meters from our boundary, I have reported the matter to the Municipality here, and a warning was served upon him to stop, but he appealed to continue four days after the warning. And on reporting him again to the Municipal authorities I was surprised to learn from them that the original Plan has been modified without explaining how & why? and that I may apply to the court if I wish.

Therefore application is hereby made, before applying to the court, to realise whither is that all the Municipality can do in such a case? and if not I shall be glad if you will kindly take the necessary and possible action to turn this matter into the right position

Thanking you in anticipation

Subject: Building in Tulkarm

Reference: Your letter No. T/26/15 dated 5/7/46

The Local Town Planning Commission in Tulkarm stopped granting licences till an Engineer will be appointed or the new Town Planning Scheme is issued.

2. Some applications were submitted prior to the engineer's resignation and sent to the Dept. of Heavy Industries . Those applications accepted by the a/m Dept. return with permits to buy controlled materials.

3. The commission is of the opinion to treat them exceptionally and issue licences to them before the date of expiry obtained from the H.I. Dept. The commission begs to say that the question is one which is at all likely to be taken into consideration for the Engineer consented and approved those applications from a technical point of view before being sent to the side concerned .

District Commissioner, Samaria District.
Thro' Asst. Dist. Commissioner, Tulkarm.

Petitioner:- Mahmoud Awwad of Tulkarm.

I submitted a complaint to you since five months ago against Tulkarm Municipality, regarding the renewal of my building permit, in order to complete my building in accordance with the previous proper plans. On 18.6.46 I proceeded to your esteemed office to enquire about it from the clerk concerned Abdul Hamid Eff, who met me with opposition and aversion.

I went again on 6.7.46 to Nablus where I learnt that a meeting of the Town Planning was held under your Chairmanship to discuss the matters of the Town Planning and met the guard of your office and asked him to allow me to interview the Chief Clerk who refused my request, and by chance Abdul Hamid Eff. was outside the door and told me that my case was rejected on the ground that my objection was on a piece of land which was received after the publication of the plan prepared for the Town Planning Scheme of Tulkarm. As a result of this information I understood that my application was rejected for the aforesaid reason and not as laid down in my application referred to above which was in respect of renewing my building permit.

When I observed that Tulkarm Municipality resist me for not completing the construction of my building without any reason, I humbly submitted my case to you hoping that it will be dealt with squarely I, therefore, have submitted my case to the British Officers, in order to seek their justice. While I am observing that all Tulkarm inhabitants are applying for building permits and they are constructing their buildings neither according to the plans nor to the permits issued to them.

I have obtained a permit in 1941 and I intend to complete the construction of my building having neither decrease nor increase in the construction and the Municipality is opposing me protesting on basis of the percentage ^{area} which are adopted in the Town and not applying this percentage basis on the others, I believe that my case was not submitted to you as it is, but it was produced to you as an objection on a piece of land, this is mainly due to the fact that either the municipality of Tulkarm or the officer concerned have caused such irregularities.

Request:- Since my complaint should not be considered by a Committee and this case is within your jurisdiction, I therefore appeal to you that you consider my case as soon as possible, because I have incurred a great loss as the building materials scattered here and there such as sand and lime - are completely in bad condition.

If you like to keep my case to the next meeting it will take a long time and months, I therefore request you to return me the plans and documents because I intend to seek my case in the competent court and lodge a case against Tulkarm municipality.

10-7-46

With my deepest respect.

While admitting that the completion of the Town Planning Scheme for Tulkarm will go a long way to clarify the situation, the fact is that the majority of the contraventions are on matters which do not depend on the said plan, being straight-forward deflections from the conditions of the licences granted.

The main difficulty, however, remains rectification of the deflection so that the building does comply with the conditions laid down. If a citizen may flout such conditions and build in contravention of the Town Planning Scheme with the result that he is only made to pay a fine, the price will be very cheap and contraventions will but increase.

The crux of the whole matter thus boils down to whether rectification can be imposed and how.

It appears to me that the manner in which the problem should be tackled now is as follows:

- a) The Civil Magistrate should be asked, ref. Chief Registrar's No. C/4/787-8318 dated 8.12.45 (Your No. A/16 dated 15.12.45 refers) to make a special effort to concentrate on and clear up all Town Planning cases put up to him with special stress on ordering rectification in those cases where the contravenor has taken the law into his own hands and over-stepped.
- b) All outstanding cases should be gone over and divided into:
 - i) Those where a licence could have been granted for what was done, had the applicant asked for such and hence in consequence no actual encroachment upon the Town Plan has taken place.
 - ii) Those where what has been done constitutes an aggression on the Town Plan and demands demolition, if future compliance by the public is to be upheld.
- c) The above be then put through the Civil Court, it being beforehand clearly envisaged and laid down how execution was to be enforced.
- d) This list of arrears having been cleared up, no cases should be allowed to accumulate each case, as arising, being immediately taken to Court.
- e) To strengthen the Municipal Engineer's hand for prosecution purposes, it is suggested that, at the start in any case, a representative of the Town Planning Adviser's staff be present to support the said Engineer.

Reverting to the stoppage of the issuing of licences until a new Engineer is available, this would depend on the time within which the services of a new Engineer can be secured. To stop building for an unduly long period would be to invite violation.

While the Commission is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The main difficulty, however, is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The first difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The second difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The third difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The fourth difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The fifth difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The sixth difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The seventh difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

The eighth difficulty is that the Commission is not a court of law. It is not a court of law, it is a fact-finding body. It is not a court of law, it is a fact-finding body.

محادة مساعدكم البدار في طولكرم المحترم

الموضوع :- فكرة البناء في طولكرم

لقد كنت تقدم الطلبات للحصول على رخص في ابناء جديدة بطولكرم .
ولدى ابناء كثيرة تسعى لمنع اعطاء الرخص للبناء في الوقت الحاضر وفقاً للفقرة (١)
من المادة ١٤ من قانون تنظيم المدن لسنة ١٩٢٦ او ردها لمدنكم فيما يلي :-
١ - لانزال خارطة المشروع الهيكلي في دائرة مستشار تنظيم المدن مدعي ارض
تقديرات عليا وفقاً لقراءات لجنة تنظيم المدن المركزية في لواء السامرة . وقد
علمت سبب منع مستشار تنظيم المدن بأنه قد ير وقت طويل قبل ان يتم
تعديل الخارطة .

٢ - استقال مهندس بلدية طولكرم محمد مصطفى السيد بدو مهندس
اعتماداً من ١٨ / ٧ / ١٩٢٦ لحية تعينه مهندساً آخر .
٣ - لانه انما انسخ من لائحة يأخذ ويد الرخص في ابناء بخلاف الرخصة فيطووا ليد
رفع القضاء فدهم . وقد تراكت سادس المختصات هذه في دائرة البلدية ووضعي
في الضرور وضع محلاً
٤ - رايه على ابناء تتابع الى كميات كبيرة بطولكرم . ونظراً لهذه الالات
الماء في طولكرم صحت عا هزة عمر المدينة بحاجة الى
الماء فانه المدينة تحت التدابير المختلفة لتوفيرها استعمل الماء وسدده
بعبء التدابير وقف فكرة البناء .
ارجو عرفة هذا القرار مع محادة حامي اعداء لكي يتم
بأخذ قرار من لجنة تنظيم المدن المركزية بمنع اعطاء رخص ابناء في
طولكرم صحت بالمادة ١٤ (١) من قانون تنظيم المدن . ونشكروا

Subject:- Building Permit for Abdul Razzak es Salman.

The Tulkarm Local Town Planning Committee discussed the application submitted by Abdul Razzak es Salman dated the 24.1.46, containing a request for permission to build two rooms and the usual offices on Parcel 141 of Block 8204, Tulkarm.

The Committee considered that it should put up this application, with the following comments to the Samarra District Central Town Planning Commission, so that it could express its opinion on the said building in accordance with Sec. 13(2) of the Town Planning Ordinance, 1936.

I therefore submit the papers with the following remarks:

- 1- The land on which it is requested that the building be erected falls in Zone C.
- 2- The erection of petitioner's house in contiguity with that of his brother, will constitute no harm as the two parcels may be regarded as one.
- 3- The neighbour referred to agrees to this contiguity. When he built he did not effect any set back from his boundary on applicant's side.
- 4- The ratio of the building applied for exceeds the permitted Permit by ten meters only, a simple excess which may be leniently regarded.

The Local Town Planning Committee therefore recommends that permission be granted the applicant to put up the building in accordance with the plan submitted.

Accept our respects.

The Chairman,

Through Assistant District Commissioner, Tulkarm.

Subject:- Building Permit - Jamil Daud es Sāhili.

The Tulkarm Local Town Planning Committee considered the application dated the 18.3.46 submitted by Jamil Daud es Sāhili in which he requested permission to construct two rooms and offices above his present residence in Parcel 29 of Block 8209, Tulkarm.

The Committee considers it desirable to submit the application to you with the following comments that you may give your opinion in accordance with Sec.13(2) of the Town Planning Ordinance, 1936. I therefore transmit, all the said documents with our comments:

- 1- The area of the land is 177 sq. meters and the area of the old building erected thereon is 81 sq. m.
- 2- The old building was erected before Town Planning restrictions came into force in Tulkarm. No set back on either side and from the back were therefore observed.
- 3- The requested building comprises a first floor on top of the above and will cover an area of 61 sq. m.
- 4- The Local Town Planning Committee sees no objection to the granting of the licence due to the lack of space and the owners being obliged to build on top, his building and that of his neighbours being regarded as one building.

The Local Town Planning Committee thus recommends the issue of the licence.

سعادة ساعد هاشم الدار لمجدي المحترم

المرفوع : - تنظيم المدن

الاشارة : - كتاب رقم ١٥/٤/١٩٤٦

لقد اطلعت على الاستعداد المقدم من السيد محمود عراد لسعادة هاشم الدار وبناء
على رغبة سادتك في ابداء ملاحظاتي على الاستعداد المذكور فقد اهتمت الاستعداد

اولاً الى مهندس البلدية فاضلي في الملاحظات التالية : -

١ - لقد اخذ المسمى حصة بموجب الخارطة التي قدرا بتاريخ ١٥/٦/١٩٤٥ وقام

ببناء الاساس وشروله فقط فانه الاساس وتوقف مدفن

٢ - بتاريخ ١٠/٩/١٩٤٥ قد المسمى نفس الخارطة التي اخذها حصة بمجرها قبل هني

سني تقريبا ولحق الترخيص له بمجرها وفي نفس اليوم الذي قدم الطلب وهو يوم

١٠/٩/١٩٤٥ تحولت طلبه الى المهندس ليبي ملاحظته على الطلب هي انك لم تجدد

٣ - بتاريخ ١٠/٩/١٩٤٥ اعطى مهندس البلدية ملاحظاته على الطلب وكانت تشير الى

ان الطلب مختلف بالنظام الجديد مسودة نقاط (ج) : - ان مساحة الارض يجب ان تكون

المقدمة (٤٥٧) متراً . (ب) ان موقع البناء يقع في منطقة السكة H والنسبة

المترية في البناء : - فكلية المساحة مع الارض المذكورة ٧٨,٤ متراً .

(د) ان مساحة المساحة عبارة عن (١٦٨) متراً اي اكثر من نصف المساحة الاعلى

(هـ) وهناك ابعاد اخرى يجب ان تكون بحسب النظام . وقد طلب المهندس من اللجنة

ان تنظر في الطلب

٤ - لقد نظرت اللجنة في مشروعات المهندس وافهمت المهندس انه ينبغي ان يغير

المشروع بما به تخالفاً به ان ينقص مساحة المساحة حتى يتفق مع النظام وفيما كان

بحسب تعليمات المهندس او ان يرسل طلبه الى اللجنة المركزية لتنظيم المدن . وقد

اقبلت المسمى الاقتراح الاول واجبني شخصياً في الموضوع ففهمته الحقيقة ودعه

بتغيير الخارطة بحسب تعليمات المهندس

٥ - ان المسمى يدعي بذلك انه يريد بدمجه ذهب وبار في المساحة وسقف غرفة

بدونه رخصة مدعية . واستعمل المسمى التوضيح بدونه تصريح من دائرة الضاغط

الثقلية مدعية اخرى . وبالإضافة الى ذلك فانه الغرفة التي سقفها كانت في

الخارطة المقدمة عبارة عن شوية مدعية لا غير .

٦ - لقد خطراه بتاريخ ١٠/٩/١٩٤٦ لتوقف على المساحة ولكنه رفضه واستمر

في الحذف حتى اوقفاه على طريق اللجنة بتاريخ ١٠/٩/١٩٤٦

٧ - وله اعداد التخص بأنه النظام لم ينفذ حتى الآن غير صحيح لانا اربا تنفيذه
دبرنا تطبقه قبل ورود حله الجديد .

٨ - وأما زعمه بأنه استخاضا كثيرا تعرضوا منه في سنة ١٩١١ وكلاهما
فغير صحيح لأنه الوثائق التي بينهم كانوا قد اتوا بها ولم يبق الا القليل فقط .
٩ - قدم لي المستعنى اعداد بتاريخ ١٥/٤/١٩١٢ بطبقة ب حسب طلب الرخصة
وقبل ان يجاب عن طلب قدم طلبا آخر مؤرخا في ٢٦/٤/١٩١٢ وطلب به كتاب الادارة
هنا وكانت اللجنة الوثائقية في هذه المسألة . وجب للجنة هذا لأنه المدين
او قفته على استمرار في الباء بدلا من حصة مائة الصلح .

١٠ - اني ارجو انه يرفخ موضوع هذا التخص انموذجا لبقا الى تقدم خدم
المدينة فظهر من ذلك الحجة من الباطل والصدق من الكذب . ولذلك فاني

اؤيد طلبه باصدار التصف
١١ - اني ايسر لعاركم رافعا اني رافعة والاعداد المقتمة به المستعنى لكي تطعوا

TULKARM

Inspector-General of Police,
Jerusalem

I have the honour to enclose a plan of the site of the Wilson Brown Building in Tulkarm.

2. In the new town planning out line-scheme for Tulkarm the areas to the south and east of this building which are marked with green strips are set aside as public open spaces. Of these two areas the present letter only refers to the one to the east of the building.

3. This area was set aside as a public open space in the new out-line plan purely for security reasons to ensure a clear area to the east of your building, but, as the ground in this area slopes away from the building, this ~~building~~ ^{hardly} seems necessary.

4. Before the war some houses were built on the area (as the old out-line plan permitted building thereon) in two cases at least the builders were unable to complete the buildings before the war and had to leave the buildings uncompleted owing to the shortage of material during the war. They have now applied for permission to complete their buildings but the necessary permission cannot be given as the new outline plan designates the area as a public open space.

5. One of the applications was considered at the last meeting of the Samaria District Building and Town Planning Commission and the following is an extract from the minutes of the meeting:-

" VI (c) Appeal by Hajjeh El Haj Mohamed

This appeal related to an application for a permit to roof an uncompleted house which was at present located on the proposed public open space to the east of the Tegart building. The Town Planning Adviser and District Engineer confirmed that this area had been shown as a public open space purely from security reasons. If, however, the Inspector General did not require this locality to be free of buildings the plan would be amended to indicate it as a zone for residential purposes. It was stressed that if zoned for a public open space considerable compensation would have to be paid by Government in the removal of existing buildings and the purchase of land.

RESOLUTION:

The Chairman to write to the Inspector General of Police pointing out the present position and asking him whether in fact he had any objection to houses being constructed in the area at present indicated as a public open space."

6. I should be grateful if you would have the site again inspected and let me know whether you could agree to building on any part or the whole of the site.

7. I should be grateful for an early decision if possible, as, if you can agree to building on the whole or on any part of the site, I should like the alteration made on the new out-line plan before it is finally approved.

Chairman,

Samarria District Building and Town Planning Commission
Through Assistant District Commissioner, Tulkarm.

Subject:- Permit to Build - Amin Mahmoud Saleh -
Sec.13(2) of the Town Planning Ordinance, 1936.

On the 8/12/44 Amin Mahmoud Saleh asked for a permit to build a house in Parcel 67 of Block 8201 in Tulkarm Town. This was granted on 13.12.44. He erected the house but did not roof it. He has now applied for a permit to roof the building. As the new Town Planning Scheme Plan prohibits the building of houses within part of the said Block, the Tulkarm Local Building and Town Planning Commission decided to forward the application to the Samarria District Building and Town Planning Commission with its comments thereon so that, should approval be given, the permit can then be issued.

I transmit herewith the documents covering the transaction. The comments of the Tulkarm Local Building and Town Planning Commission are:

- 1) When the applicant made his first application to build the Commission sanctioned such as there were then no objections.
- 2) As the applicant could not roof his building within the period of the ~~present~~ due to the difficulty of securing controlled materials, he now asks for a renewal thereof to enable him to complete the roof.
- 3) The Commission sympathizes with the applicant and requests the Samarria District Building and Town Planning Commission to permit him to roof his building.

With respects.

Commission.

الموضوع: - رفض بناء أمين محمود الصالح - المادة ١٣ (٢) من قانون تنظيم المدن لسنة ١٩٢٦.

طلب أمين محمود صالح بناء في ١٩٤٤/١٢/٨ الترخيص له بإنشاء بيت في

الحي (٦٧) بلوك (٨٢.١) في مدينة طولكرم ورفض له بناء في ١٩٤٤/١٢/١٣ بإنشاء

العمارة المذكورة. وفيما أن طلبه تجديد الرخصة لكي يصف

منع العمارة في قسمه المذكور. فإن لجنة تنظيم المدن المحلية قررت إرسال هذا

الطلب إلى لجنة تنظيم المدن المركزية مع ملاحظاتها عليه وفقاً للمادة ١٣ (٢)

من قانون تنظيم المدن حتى إذا وافقت اللجنة المركزية رفض الرخصة في تمام العمل.

دائماً أنتم سعادتكم معاملة رفض البناء المذكورة. وهذه ملاحظتان اللجنة المحلية

على:

(١) فيما عدم المستعفي طلبه الأول للعمارة الجارية إلى طلبه لأنه لم يكن هناك

مانع للعمارة في ذلك الحين.

(٢) بما أن المستعفي لم يتمكن من تنفيذ العمل لصعوبة حصوله على المواد المرافقة لرفض

المرحلة الثانية للرخصة الأولى من طلبه إلا أن تجد به الرخصة حتى يتمكن من

إنهاء العمل.

(٣) نشر اللجنة المحلية مع المستعفي وتطلب من اللجنة المركزية السماح له برفض

العمل المحلي وتنظروا بغيره فائدة لا حصر.

ASSISTANT DISTRICT COMMISSIONER'S OFFICE
TULKARM.

3rd November, 1945.

District Commissioner,
Samarra District.

Subject:- Town Planning Zones - Tulkarm.

Ref'nce:- Your No. G/3 dated 5.10.45.

Hajjeh Halimeh el Haj Mohammad's house and another belonging to Amin Mahmoud Salah both fall in the same zone and both now stand with the walls built ceiling high ready for roofing.

The point at issue is whether, the open space in question having been zoned as a public open space for Security reasons, you are going to allow these houses to be completed and occupied, or whether you are going to ask the Municipal Commission of Tulkarm to pay compensation for such and demolish. If the latter, then it certainly will be less expensive for the Municipal Commission to pay for an incomplete unoccupied house than for a complete occupied one.

If the former, then relaxation seems indicated.

The A.S.P., Tulkarm, is of opinion that the two houses in question can remain and will form no additional serious menace to the Wilson Brown Building.

Permission to complete is therefore recommended.

Assistant District Commissioner,

The bldg. in question lies on the South-East corner of the Tugart Bldg., Phil.

The bldg. is a nice & decent construction, it awaits roofing & completion.

The area on which the bldg. is erected is reserved, according to the author's Town Plan Scheme, for an open Public Space.

I believe the prohibition of bldg. in that area is due to public security views.

It would be very unfair to prohibit the owner from completing the ground floor as it was built in conformity with a valid permit & had it not been for difficulties in getting iron & cement it ~~would~~ should have been completed long time ago.

Municipality of Tulkarm,

No. 61/4

Date: - 12/9/45.

Chairman,

Samaria District Building & Town Planning Commission,
Nablus.

Subject: - Building Permit - Hajjeh Halimeh El Hajj
Mohammed of Tulkarm - Article 13(2) of
the Town Planning Ordinance, 1936.

Hajjeh Halimeh submitted an application, on 8/2/41, for a permit to build a house on Parcel 70 Block 8201 at Tulkarm. She was issued with a permit, and started erecting a house. But she was unable to complete the building as the building materials were controlled. When the ban was slightly lifted on these materials, it was possible for her to obtain the necessary building materials. This was on 20/7/45. Now she wishes to complete the building. As the Notice of Deposit of the Outline Scheme of Tulkarm Town Planning Area was officially published, and in accordance with this notice it was prohibited to erect any building in Block 8201 as the Local Building & Town Planning Commission passed a resolution that before a building permit has been issued to any applicant, for the completion of his building, his application should be passed by the Local Building & Town Planning Commission to the Samaria District Building & Town Planning Commission together with their comments in accordance with Article 13(2) of the Town Planning Ordinance. After an approval has been given by the Samaria District Town Planning Commission, a building permit will be issued to applicant.

I enclose herewith the documents regarding the building permit referred to above. The comments of the Local Town Planning Commission are as follows:-

- (1) When the applicant submitted her first application, there was no provision in the Town Planning Ordinance to prohibit issuing her with a permit. For this reason the Local Commission issued a permit to her.
- (2) As the applicant was unable to roof the building in question within the legal period, she applied again for a new permit and for assistance to release the building materials required, and the Local Commission complied with the requests of applicant, as there was no reason to refuse her request.
- (3) Now on looking into the plan of the Outline Scheme of the Town Planning Area, it has been observed that no buildings should be erected on the parcel referred to above. For this reason the Local Commission sympathize with the applicant and request the District Town Planning Commission to approve the issue of licence to her. We request the District Commission to give a prompt resolution in this respect before 20/9/45, the date fixed as termination of the permits of applicant.

I attach a petition and rough sketch by
Zaki Eff es Saffarini of Tulkarm.

The house in question is the one on the
corner exactly opposite the entrance to the Kadooria
Agricultural School Tulkarm.

I have discussed the matter with the
District Commissioner who is of the opinion that the
opening of a gate in an already constructed wall does
not constitute a deflection from the rules. He however
asked me to seek your advice.

The gate will not actually open into the
asphalt road but into the gutter so to speak.

Your verdict, technically, would oblige.

DISTRICT COMMISSIONER'S OFFICES,
SAMARIA DISTRICT,
NABLUS.

No. A/18

18th December, 1944.

Assistant District Commissioners:-

Nablus,
Tulkarm,
Jenin,
Natanya.

Control of building operations.

Arrangements have now been made for the Assistant Liaison Officer to exercise some degree of supervision in regard to the issue by the Controller of Heavy Industries of building licences under Defence Regulations and of permits for the release of controlled materials applied for in respect of buildings within the town planning areas of Nablus, Tulkarm, Jenin and Natanya.

2. In order to facilitate this arrangement, will you please request the Secretary of the Local Building and Town Planning Commission with which you are concerned to submit at an early date to the Assistant Liaison Officer:-

(a) a town plan indicating the location of all buildings under construction or about to be constructed under the authority of building licences issued under the Defence Regulations and

(b) a monthly return, beginning January, 1945, of all building licences (Defence Regulations) issued during the month. This monthly return should give the number and date of the licence, the name of the person to whom issued, brief particulars of the building authorised and the location of the building by reference to the plan supplied in accordance with (a) above. This return to be submitted to the Assistant Liaison Officer in duplicate. If you yourself care to receive a copy for your information, you should direct accordingly.

3. Will you please explain to the Local Building and Town Planning Commission that this arrangement is intended to assist them in the closer control over building and over the use of controlled materials; that the Assistant Liaison Officer will be assisted in this work of control by inspectors; and that he is only concerned in regard to the war-time control of building operations and not with questions of town planning; contraventions of the Town Planning Ordinance and the regulations thereunder are the concern of the town planning authorities.
